

Sendbloom & LinkedIn Sales Navigator

Social Selling at Scale

With LinkedIn Sales Navigator now integrated directly into Sendbloom, your day-to-day with Sendbloom just got even easier! Whether you're prospecting to new customers, making phone calls, or researching leads, you can now find LinkedIn profile information just a click away — everywhere you work.

Sendbloom Dialer

Be prepared and stay informed while you're making calls. Sendbloom's dialer now provides additional prospect information right where you make calls and take notes, powered by our integration with LinkedIn Sales Navigator.

Sendbloom 1-to-1

Know exactly what to say when reaching out. With "Icebreakers" provided by LinkedIn Sales Navigator, it's never been easier to write perfectly tailored content. Pair that with the automation and persistence of Sendbloom, and you've got the perfect recipe for a reply.

We built this integration to be intelligent and contextual, surfacing seamlessly at the exact moments you need relevant, timely news or updates. To enable this integration for your team, please contact your Sendbloom account manager. Happy blooming!
