

# Connect your ATS with LinkedIn Recruiter

## Introducing Recruiter System Connect

Recruiter System Connect (RSC) is an integration between LinkedIn Recruiter and your ATS designed to simplify the hiring process. Realize countless efficiencies by reducing the need to switch between these two systems to verify and transfer candidate information.

### Save Time

Get all your candidate info when and where you need it. Reduce switching between systems to save each recruiter 3+ hrs/week.

### Collaborate Efficiently

Avoid duplicate outreach with team visibility into past candidate interactions and notes.

### Increase Engagement

Keep recruiters focused on the candidate experience with a +4%\* increase in engagement on LinkedIn Recruiter.

### Attract Passive Talent

Personalize every touchpoint with your most sought-after candidates. This shows a +7%\* uplift in InMail accepts.

### Your data security is our priority

LinkedIn protects your data like we protect our own. Learn more at [lnkd.in/rsc\\_dataprivacy](https://www.linkedin.com/company/linkedin/recruiter-system-connect/dataprivacy)
