

Work With Us Ads

Show your company's open jobs on employee's profiles

Speak to the right candidate in the place where they spend the most time – viewing profiles.

Boost your employer brand awareness.

Promote your company and career opportunities to your employees' networks automatically, furthering your brand awareness.

Stay ahead of the competition.

Block out the ability for competitors to place their ads on your employees' profiles.

Accelerate your candidate pipeline.

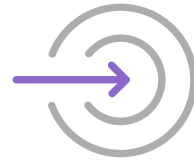

Engage people with relevant messages about your company or open roles based on their skill sets and experience.

How it works

Choose

one of our LinkedIn-designed creatives that meets your objective.

Sit back

while we automatically share your ads on targeted employee profiles.

Measure

results through campaign impact reports provided by your rep.

50x

Work With Us ads get up to 50 times higher clickthrough rates than typical banner ads, driving more relevant professionals to your jobs, follower base, Career Pages, and other destinations.

Work With Us ads helps us to be top of mind and gets candidates talking about us. It's set up automatically and creating value for us.
