

Recruiter Lite

The affordable way to find and contact the best talent

A simple and swift way to find top talent

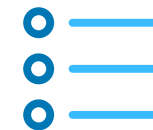

Save serious search time.

Find active and passive candidates in your extended LinkedIn network with unlimited profile views of your 1st, 2nd, and 3rd degree connections. Speed up your hiring with 10+ advanced search filters, saved searches, and search alerts.

Contact candidates, get responses.

Reach candidates directly with 30 InMails a month. You can even save your most useful messages as templates and customize them to reach more of the best candidates, faster.

Manage your recruiting, all in one place.

Recruiter Lite makes it easier to stay on top of your to-do list. Stay organized and keep your team informed using the "Projects" function.

How it works

Find

top candidates using our ready-made search filters.

Contact

candidates with personalized messages using InMail.

Manage

your pipeline using projects, and by saving searches and profiles.

According to one of our most recent surveys:

of recruiters said they were simply more successful when using LinkedIn's Recruiter products.

Why not you?

Using LinkedIn, I have sourced around 90 top profile candidates in less than 5 months, and recruited five. It lets us really select and focus on quality candidates. It has given us stronger employer credibility and accelerated our recruitment.
