SKILLSURVEY

Reference check

Integration guide

March 2021

Save time with reference checks from SkillSurvey.

Now you don't have to leave LinkedIn Talent Hub to start the candidate verification process. When you integrate with SkillSurvey, you can run reference checks right from your Talent Hub profile.

The process begins with an email from SkillSurvey to the candidate, prompting them to upload the information you need to run the reference check. You can easily view the status of reference checks from the candidate's profile in Talent Hub. Then you'll receive a direct link to SkillSurvey's site for more information and action items.

Talent Hub Integrations

Talent Hub is the only applicant tracking system (ATS) that allows you to source, manage, and hire on a single platform. Third-party integrations make the process even easier, consolidating your workflow and giving you more time to focus on building winning teams.

Get started

Contact or enable SkillSurvey

We'll help you get started.

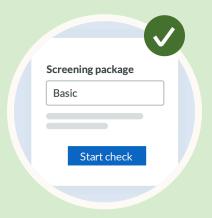

Enable SkillSurvey.

You can do this from the Talent Hub integrations page.

Select a candidate.

To start, navigate to pipeline review or a candidate's profile.

Initiate the check.

Select screening packages and initiate the reference check.

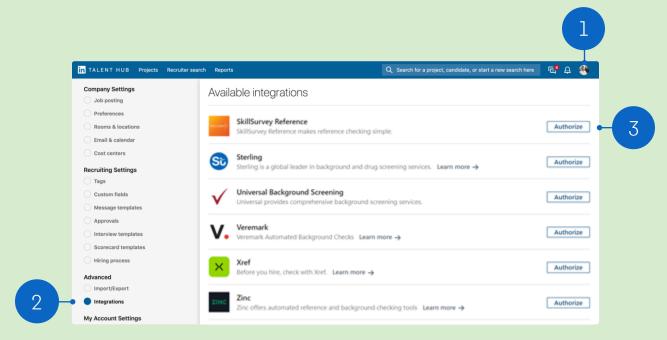

Track progress.

Verify if the check has been completed and get more details.

Find SkillSurvey in Talent Hub

- Click your picture in the upper right-hand corner and select "Product Settings" from the drop-down menu.
- On the Product Settings page, click "Integrations" under "Advanced."
- 3. Find SkillSurvey under "Available integrations" and click the "Authorize" button.

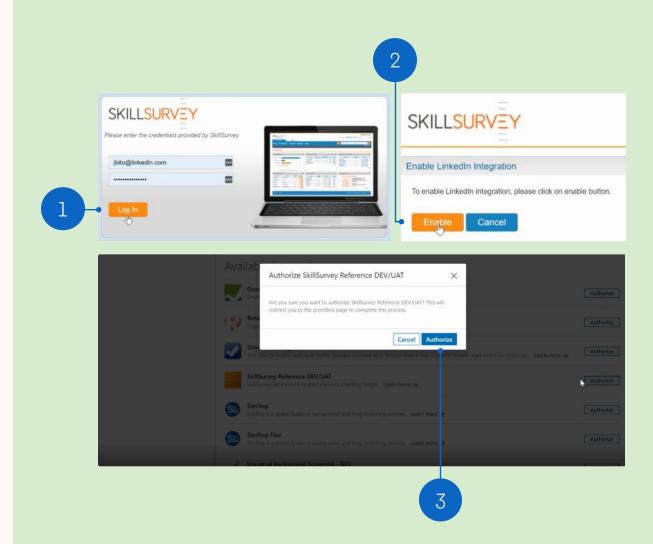

The Talent Hub Admin authorizes SkillSurvey for everyone on the contract. For all users, reference checks will be authorized at the "Account Settings" level.

Complete the process

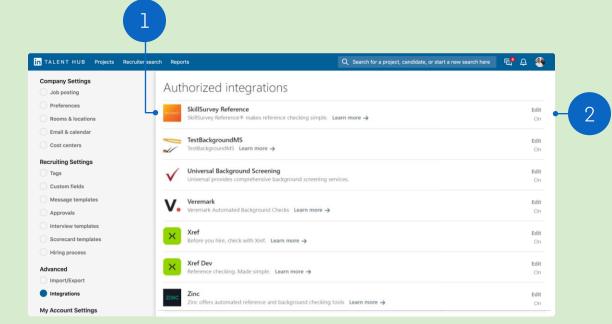

- 1. Users will be redirected to SkillySurvey's website to complete the authorization process.
- 2. When you sign into your SkillSurvey account, you'll be prompted to enable the integration.
- 3. Once authorized, users with the right permissions can begin screening candidates with a reference check.

Enable integration

Verify authorization

- 1. When redirected back to Talent Hub, refresh the page until SkillSurvey displays as "On" under "Authorized integrations."
- 2. This indicates that integration is now live for all users on the contract.

Locate the action

Once the integration has been enabled, reference checks can be initiated through the pipeline in Talent Hub.

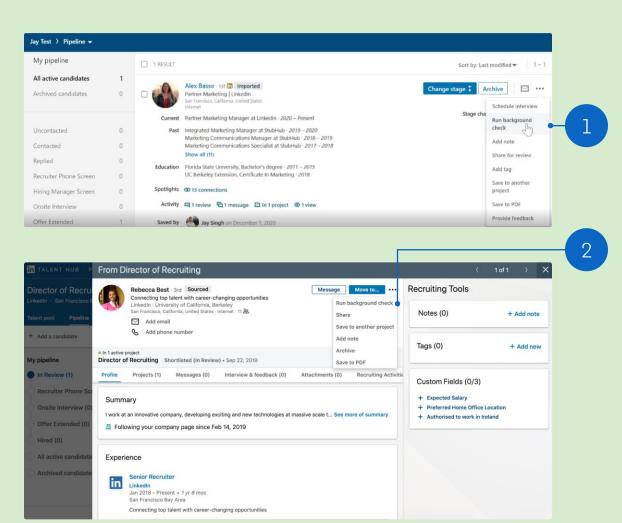

- 1. To initiate a check with a candidate in the pipeline, click on the ellipsis and select "Run background check."
- 2. Or run a check directly from any candidate's Talent Hub profile.

The following users will have the ability to do this:

- ✓ Talent Hub Administrator
- ✓ Hiring Project Owner
- ✓ Hiring Project Collaborator with full project permissions

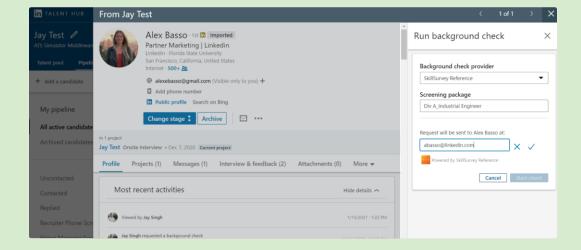

Initiate the check

Choose screening package

Select "SkillSurvey Reference" and choose a screening package from the drop-down list—it displays packages that have already been configured with SkillSurvey.

Once an email is identified and you click "Start Check,"
SkillSurvey will send the candidate an email so they can upload the required information. The reference check will then begin.

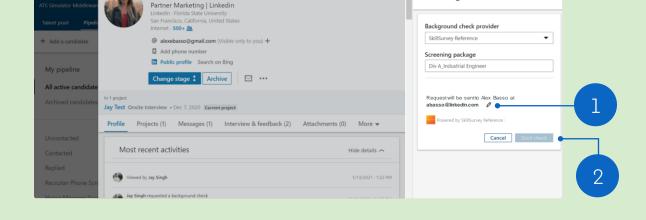

Initiate the check

Start check

- 1. If needed, manually enter the candidate's email address by clicking the pencil icon.
- 2. Click "Start check."

 SkillSurvey will send the candidate an email requesting the required information. Once the information has been uploaded, the reference check will begin.

Run background check

Track progress

View status

- 1. Once the background check has been initiated, go to the "Projects" tab on the candidate's profile for updates.
- 2. You can view the status of the check—or its results once it's been completed.
- 3. Click "View" to get more details. You'll be prompted to sign into your SkillSurvey account.

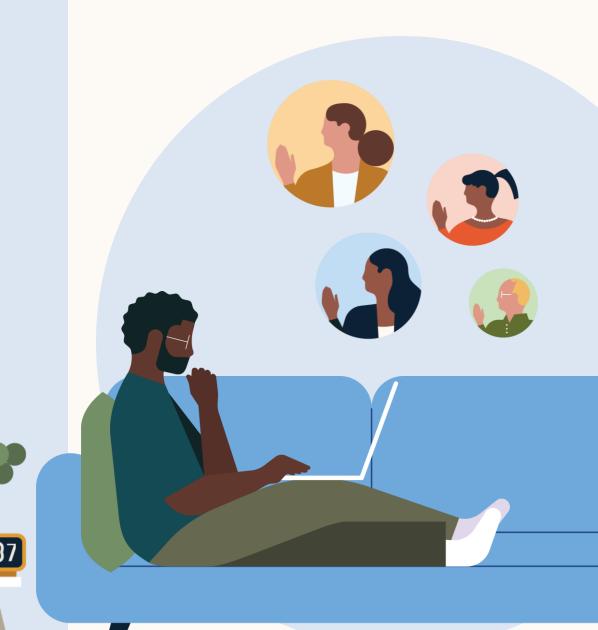

All Talent Hub users will be able to see if a background check has been initiated on an account.
